

**Carolynn,**

Thank you so much for your time precepting our JMU Nursing Capstone student as she gets close to her role transition. I understand from your student that you have been supportive, professional and a role model for her. I appreciate the time that you put into supporting this student's education.

This letter is an attestation that Carolynn Nesselrodt, RN served as a preceptor for a JMU Nursing nursing student for her Capstone experience this fall.

Sincerely,

A handwritten signature in black ink that reads "Sandra Annan".

Sandra Annan, PhD, RN  
Professor of Nursing
