
Reason for Recognition: Teamwork

To: Rebekah Elphee

Becky,
I have met with 2 different nurses this week who wanted to be sure you were recognized for excellent work!
Annette Kingston wanted you to be recognized for "always going above and beyond" - I'm so happy I found this particular card!
Laurie Moss asked that you be recognized for "always being there to answer questions" and being so supportive.
Thank you so much for all you do for Home Health!
Judy
