All-

You've been nominated as an honorable mention in Teamwork!

Your actions make a difference in our work environment, culture and the experience provided to our patients, their families, our community, as well as our team members and leaders.

Thank you!

We'd like to extend the formal invitation for the Values Celebration Event and would be honored for you and your leader to join us as we share how you went above and beyond in the demonstration of our values. I'll be sending you a meeting confirmation for your calendar.
